

12 - 15 December 2024

International Symposium on Analytic Hierarchy Process 2024

<https://isahp2024.exordo.com>

Dear Miguel:

First, thank you for submitting a paper to the International Symposium on Analytic Hierarchy Process 2024. **Let us congratulate you once more on its acceptance.**

Paper ID: 2

Paper Title: Why are AHP results not binding for appraising real estate?

To present your work in our upcoming symposium, you will need to upload the following information: 1) your PowerPoint presentation, 2) the pdf file of your final submission (you are allowed to make changes), 3) a short bio, and 4) a photo (optional). You can see instructions on how to upload your final submission here: <https://support.exordo.com/article/487-uploading-your-final-submission>

You need to register and upload your final submission **as soon as possible and no later than Sunday, December 9**; otherwise, you will not be able to present your work at the symposium. Unfortunately, due to logistic considerations, it will not be possible to include you in the schedule after this date.

Keep in mind that to be listed in the program book, at least one of the authors of each paper **must register** for the symposium. Each author's registration can cover up to two papers. Limited **scholarships** are available to cover the registration. If you need a grant, please contact us at inquiry@isahp.org.

Congratulations, and we look forward to your presentation at **ISAHP 2024**.
